PROFESSIONAL SUMMARY

Developer with over 2 and a half years of experience in full-stack and front-end projects, working on banking systems, ERPs, and portals for global corporate clients. Main stack: React, Next.js, TypeScript, Nest, and Prisma. Focused on performance, accessibility, and UX/UI best practices.

PROFESSIONAL EXPERIENCE

Concentrix

Mid-Level Front-End Developer | December 2025 - Present | Brazil

React, Next.js, TypeScript, Nest, Node, Prisma, Docker, Tailwind CSS, Figma, UX/UI

Key Contributions:

- Development of the company's digital portfolio and contribution to the **creation of corporate portals for large global clients**, working across the entire development lifecycle, from prototyping to production delivery.
- Building internal systems to optimize operational processes, focusing on performance, accessibility, and user experience, applying UX/UI best practices based on Figma prototypes.

Teddy Open Finance

Full-Stack Developer | April 2025 - December 2025 | São Paulo - Brazil

Angular, React, TypeScript, Nest, Node, Prisma, Docker, Styled Components

Key Contributions:

- Development of a proprietary banking system for financial management, covering modules for accounts, loan simulations, clients, and bank reconciliation. Contributed to the creation and maintenance of secure APIs for real-time financial operations, with a focus on scalability and reliability.
- Used modern and widely adopted technologies such as Angular, React, TypeScript, Nest, Docker, Prisma, Tailwind CSS, and WebSockets to build robust, performant, and scalable applications.

TECHNICAL SKILLS

FRONT-END: React, TypeScript, Next.js, JavaScript, HTML5, CSS3, Styled Components, Tailwind CSS, Redux, ShadcnUI, Radix UI, Figma, Interface Design (UX/UI), SEO (Search Engine Optimization)

BACK-END: Node.js, Java, TypeScript, JavaScript, SQL, RESTful APIs

DESIGN TOOLS: Figma, Adobe Photoshop

CORE COMPETENCIES: Git, Responsive Design, Clean Code, Performance Optimization, Accessibility, Agile Methodologies, API Integration, Design Systems

TESTING: Jest, Vitest

SOFT SKILLS: Communication, Teamwork, Adaptability, Creativity, Problem-Solving

EDUCATION

CENTRO UNIVERSITÁRIO FUNDAÇÃO SANTO ANDRÉ

Associate's Degree - Systems Analysis and Development
August 2021 - August 2023 | Santo André, Brazil

ETEC JÚLIO DE MESQUITA

Technical High School Diploma - Mechatronics
January 2018 - December 2020 | Santo André, Brazil

PROFESSIONAL DEVELOPMENT

ROCKETSEAT • (2023 - PRESENT)
